

## Hoop

design Arik Levy

Sofa and armchair available in two versions, for indoor or outdoor, with geometric large-mesh structure in 8mm drawn and welded steel rod. Available in the RAL colours of our collection. Indoor version with seat cushion in prewashed and sterilized goose down, stitched into separate compartments with polyurethane foam insert for improved shape retention. Back cushion in prewashed and sterilized goose down.

Outdoor version with seat cushions padded with polyurethane foam with open cell structure FILTREN®T, covered with Paineira flakes. Loose backrest cushions in Paineira flakes. Fabric upholstery, fully removable. Seat depth 88cm.
